## Why No Shoes?

It's simply to protect the students from foot infections (they move around the rear of the school in bare feet on the dojo floor and on the carpeted area on the way to and from the water cooler). To minimize the chance of foot infections, we try to keep this area clean from the chemically-treated sand out in the parking lot that comes into the school on people's shoes.

This is not some obscure Asian protocol, it is simple hygiene. Sensei has sandals or slippers that she wears exclusively in the school. Feel free to bring slippers for yourself if you wish!

**So ... Parents & Visitors  
Please Remove Your Shoes!**

**Domo Arigato  
Gosaimasu**

*Thank you very much,  
Sensei Pat*
